Stag Hollow is open for wine tastings by appointment

Greetings friends of Stag Hollow, Opportunity knocks. Ten Stag Hollow wines are on special pricing through October (while they last) that are well below our long-established consumer-friendly pricing. These remarkable values are last remaining stock of wines and new sale offerings that will be showcased during the May 17 and 18, and June 7 and 8 Stag Hollow wine tastings. At the tastings, we are releasing three new wines: a *Field Blend*, *Willamette Valley* (AVA) designated Pinot Noir (estate grapes), and *Oregon Red Blend* (II). Plus, tastings of our new 2023 Pinot Noir *Reserve* for futures purchase to be released November 2025.

Please join us at one (or more!) of the eight tasting dates listed below. If you are unable to attend, we can ship your wines for free (see page 2 for details).

No April Showers Bring May Solar Hours

After what seemed like a reasonably mellow winter, the climate flipped a switch in mid-April. The last 30 plus days have been driest ever for this time of year, with only ~0.2 inches of precipitation. On average, 2.6 inches should have fallen. And for the first 10 days of May 2025, temperatures were 5.5 degrees above average. While we have been enjoying the terrific weather, could this weather be a harbinger of things to come for 2025?

New Wines

2023 Pinot Noir Reserve (Futures). Classic Stag Hollow Pinot Noir *Reserve*: complex layers of rich flavors. This blend of mostly 777, 114, Pommard, and many other clones in smaller quantities is a keeper and not to be missed!

2020 Pinot Noir Willamette Valley. Pricewise this new wine designation costs about 25% below our *Yamhill-Carlton* Pinot Noir. Don't be fooled by the price or the vintage. It's delicious. We harvested our estate-grown grapes in 2020 after two rain periods that cleansed the grapes. Tannins were a bit over extracted for the structure of this wine; hence we had to hang-on while they soften delaying its release. Worth the wait.

2021 Field Blend. This wine could be our finest *Field Blend* to date. And there have been many terrific Blends. The 2021 is 66% Pinot Noir and 34% Tempranillo. Not enough Tempranillo available to make a *Moment in Time* Blend, so *Field Blend* it is.

Oregon Red Blend II. A vintage blend of Dolcetto plus about 5% Pinot Noir, this wine was specifically crafted for those seeking complexity in a medium-bodied red at a modest alcohol level (12.9%). It's already a go-to wine in our home.

...See you at the vineyard tasting room, *Cheers, Jill and Mark*
